Three Year Reassessment

A reassessment of each student in a special education program shall be conducted at least every three years.

1. Review existing assessment data on the pupil, current classroom-based assessments and observations, and teacher and related services providers' observations.
2. On the basis of the review conducted pursuant to paragraph (1), and input from the pupil's parents, identify what additional data, if any, is needed to determine:
 - a. Whether the pupil continues to have a disability.
 - b. The present levels of performance and educational needs of the pupil.
 - b. Whether the pupil continues to need special education and related services.
 - c. Whether any additions or modifications to the special education and related services are needed to enable the pupil to meet the measurable annual goals set out in the pupil's IEP and to participate, as appropriate, in the general curriculum.
