C. SBCSELPA JPA Board Regular Meeting Minutes Summary
   1. August 31, 2020 JPA Board Meeting
   2. November 2, 2020 JPA Board Meeting
      Jennifer Connolly reviews the JPA Board minutes are provided for information to the CAC to see what the JPA Board is doing. Jennifer highlighted in the August 2020 meeting minutes that SBCSELPA has hired Lisa Foote the new Assistive Technology/Augmentative and Alternative Communication Specialist (AT/AAC). Additionally, the SB County Superintendents have been meeting weekly since March 2020 when everything closed to discuss the status of the pandemic and working as a collective to support our staff, students, and families during this time. Jennifer highlighted information regarding nonpublic school (NPS) students and placements from the November 2020 meeting minutes. The November minutes also focus on compliance and mention that 19 of our 25 LEAs have been targeted by CDE for compliance items that they need to work on. These districts have put together a Special Education Plan (SEP) to address the compliance concerns. Lastly, Jennifer shares that the SBCSELPA Local Plan and Procedural Handbook have been reviewed, revised, and updated as directed by the CDE this year. The Committee was satisfied; there were no questions or comments.
D. SIRAS Newsletters

   2. November 2020, Vol. 17
Karla Curry reviews the recent SIRAS newsletters that are shared in this agenda. SIRAS is the Special Education management system that houses all the districts individualized education plans. Jennifer Connolly puts together these newsletters for all the service providers, teachers, and administrators monthly to keep everyone updated as to what is happening in SIRAS. The Committee was satisfied; there were no questions or comments.

E. 2021 SELPA-Bration Announcement and Information
   1. Nomination Form
Karla Curry shares that this is the announcement of the 2020-2021 SELPA-Bration and the nomination forms are available online this year. This is a time to honor those outstanding individuals who have gone above and beyond to represent their students, families, and school sites. The event will be held on May 4, 2021 this year. Jennifer Connolly reminds everyone that if they were unable to attend last year’s SELPA-Bration you can access the recording of the event on the SBCSELPA YouTube channel. The Committee was satisfied; there were no questions or comments.

F. CAC Project Updates/Discussion
   1. Transition from Post-Secondary to Adult Guide
   2. Newsletter (gathered from all LEAs) quarterly, CAC News
Karla Curry initiates the discussion of the CAC project for this year, highlighting the 2 projects that the group had narrowed it down to. Lindsay MacDonald shared that she created a padlet with the prior annual CAC projects, the link was shared: 
   https://padlet.com/mslaterselpa4200/CAC_Annual_Projects .
Jennifer Connolly reviews and shares what previous CAC projects have included. Jennifer’s first year being on CAC the group created a Parent IEP Handout, that included suggestions of questions parents should ask during an IEP, available in both English and Spanish. IEP meetings can be overwhelming for families and so they created a cheat sheet of thought-provoking questions. Staff can share the handout with families before their IEP meeting, it is also on the SIRAS website.

Secondly, the CAC worked on revising and updating a transitional booklet, Turning 3, for our students moving from Early Start to Preschool. This was an old document that Jennifer inherited which had been created by partners in Tri-Counties Regional Center and a few other agency partners, however, it was outdated and so the CAC updated the document and had it translated into Spanish.

Lastly, last year to accompany the revision of the Local Plan and the Procedural Handbook Jennifer worked to recreate and update the Special Education Parent Handbook. This handbook has an abundance of resources for families, this should be handed out by case managers and support services at the initial IEP as well as the tri-annual IEP. The CAC was a huge help in the revision of this handbook. The hope is that the CAC can annually create something that we support our districts with that we can share with staff and families.

Karla and Jennifer open the conversation to the group so that they can further discuss project thoughts and suggestions for the 2020-2021 CAC group. Sucari Epps asked if we are looking to choose between the 2 projects and/or add on additional projects and work, she wanted some clarification on time and focus. Karla responded that we are looking to focus on 1 project, and it has been narrowed down to the 2 options we have discussed. Sucari comments that the work that might be needed is the transitional guide as the CAC has completed a guide for one population already and
F. CAC Project Updates/Discussion (continued)
so it might be good to do similar work for another population to have a complete set of toolkits. Dena Davis asked if there was mention in the parent handbook of questions parents might have as their children transition from elementary to junior high level, and junior high to high school, those mini transitions. Jennifer responds confirming that there are not any suggested questions that parents might have during these other transition times. Dena went on to comment then that brings up her idea/suggestion regarding questions parents might have that are not being answered before their student enters jr. high, so she imagined creating something like the IEP Handout for those smaller leaps in their education, because this is a major change for these students. Karla comments that possibly we can include a chapter in the guide about transitioning from elementary to middle and then middle to high school, because best practice when you look at transition is to start looking at it in the middle school age.

Jennifer moves on to discussing the actual creating of the guide rather than just talking about ideas by suggesting we set aside some time to work on this project outside of the regular CAC meeting time. Possibly creating an ad hoc committee that meets for a half an hour after the meeting to develop Dena’s idea of some questions that would be on the mind of a parent, child, or professional at those transition ages she suggested. We could create a bank of questions and answers in a document to start by doing that this year and sharing that, this would be a doable project. The idea of the guide Karla suggested could be something we foster in the next couple years and this question-and-answer document would be something we would include in that. Lastly, Jennifer confirms that there is a consensus among the group to have this be the project. The Committee was satisfied; there were no further questions or comments.

VI. PRESENTATIONS
A. An Introduction to G.R.O.W.
Presenters: Alison Lindsey, SBCSELPA Mental Health Specialist & Rosy Bucio, SBCSELPA BCBA
Jennifer Connolly introduces Alison Lindsey and Rosy Bucio and the G.R.O.W. program that they facilitate around the county. Alison & Rosy present a PowerPoint presentation that is a general overview of what the G.R.O.W. program is and what it does, there are 19 of these classrooms across the county. G.R.O.W. is a therapeutic wellness framework designed to serve students who have difficulty accessing their education due to their emotional and behavioral needs. They also share the link to the G.R.O.W. website that contains all the information about the program, https://growsbcelspa.wixsite.com/mysite-1 . Presenters: Kirsty Kenny & Natalie Facio-Leon, SBCSELPA WRAP AROUND Services Facilitators
Karla Curry introduces Kirsty Kenny and Natalie Facio-Leon who are SBCSELPA WRAP AROUND service providers, they specifically work with students with IEPs that have the qualifiers of emotional disturbance (ED). Kirsty & Natalie present a PowerPoint presentation that they collaborated on which is being offered as a mini-PD through the SBCSELPA. The presentation is designed with parents, guardians, and caregivers in mind during this pandemic, hoping to help guide families during this stressful time by using psychoeducation to talk about the variety of ways this global pandemic may be affecting each family member. Natalie shares that this presentation will soon be offered in a Spanish version. The Committee was satisfied; there were no questions or comments.
VII. MISCELLANEOUS AGENDA ITEMS

A. CAC Member Sharing
   Karla Curry opened the meeting up for member sharing:
   
   - Dena Davis shared that the CPAC group has met once in SBUSD, this is the staff and parent advisory committee with representatives from all the schools. Shared that it has been a time to listen to how it is going for parents and families and they feel that the leaders and the districts are listening to families and they appreciate the flexibility of teachers and the communication has seemed to be good between all parties.
   - Catherine Spencer from TCRC offered to share as a community agency representative, the entire agency is still working remotely, their transition team will be going from 3 to 1 in the beginning of the year due to 2 members being out on maternity leave.
   - Sarah Rodriguez shared as a school psychologist from Santa Ynez Valley, regarding assessments and how they are going and being done. Confirmed they are doing in-person assessments as needed and seems to be working out well.
   - Mariana Murillo shared as a representative from Alpha Resource Center and a parent, many of the staff continue to work from home while still trying to support the families with information and resources. Have been getting a lot of calls from parents about issues with zoom and their students’ classes, it is very hard for many students and many challenges for everyone causing behavior issues. Alpha continues to support the families and communicate with the school districts regarding the concerns and challenges, they provide information regarding food bank flyers because of the financial crisis many are experiencing. Alpha is still hosting their parent groups through zoom, but the attendance has gone down because of all the other things that are going on.

   The Committee was satisfied; there were no further questions or comments.

B. Next Scheduled CAC Meeting: February 1, 2021, 9:30 - 11:30 a.m.
   Via Zoom due to COVID-19

   Karla Curry reminded everyone that we are looking for districts to volunteer to bring a student to each meeting, we are trying to get a student who can eventually join on as a representative. Jennifer Connolly reminds everyone that at the February meeting we will have our nominations for the SELPA-bration award winners, and she is hoping that a group of CAC members can stay after the meeting to form an ad hoc committee to review the nominations and vote on the winners. The Committee was satisfied; there were no further questions or comments.

VIII. ADJOURNMENT
   Sucari Epps motioned for adjournment and Abraham Garcia seconded the motion to adjourn the meeting at 11:05 a.m. The motion passed unanimously; none opposed and no abstentions.

(Conscious Discipline)

Brain state dictates behavior
The Brain + Maslow’s Hierarchy of Needs

- Bottom = More fundamental = More rudimentary behavior
- In order to ‘advance’ to higher Needs, fundamental Needs must be met/in-tact.
- Expecting a hungry, sick, or scared child to embrace self-esteem, demonstrate respect, and accept vulnerability projects our needs for the child onto the child---not attuning to the child’s actual needs in real-time.
- The more compromised a Hierarchy, less access to advanced neural development with robust behavioral options.

• Let *your* adult brain guide your perspective & relationship...*not* the child’s brain.
• Emphasize *safety* and *connection* as fundamental features of a classroom environment (physical, relational, sensory) to promote fuller brain access(functioning).
• Assume Positive Intent: Kids do well when they *can*. If they aren’t doing well, it’s because they *can’t*, not because they *won’t*.
• When we see students presenting as distracted, disruptive, reactive, or unsafe---try to meet the needs of the brain-state “driving” that student’s behavior.
• “Won’t” is just a *now* version of “can’t”.

5. September 22: Trauma Informed Practices for Schools

6. October 6: What is SBCSELPA? Special Education and Distance Learning

**Assessment**

**Patterns of Strengths and Weaknesses (PSW)**

A Pattern of Strengths and Weaknesses (PSW) is one of the three methods school districts may use when determining a student’s eligibility under Specific Learning Disability (SLD) category. As opposed to the discrepancy model, which informs the team if a student is performing more poorly than expected, PSW seeks to determine why, thus effectively linking assessment to intervention. Participants will be presented with information necessary to understand, interpret, and apply the PSW model to SLD eligibility in order to be consistent with California Special Education law. The different ways of qualifying for SLD will also be presented along with why PSW evolved.

**Autism**

**ADOS Autism Diagnostic Observation Schedule (TBD)**

The Autism Diagnostic Observation Schedule (ADOS) is an instrument for assessing Autism Spectrum Disorder. The protocol consists of a series of structured and semi-structured tasks that involve social interaction between the examiner and the individual under assessment. The examiner observes and identifies the potential diagnosis of classic Autistic Disorder or related autism spectrum disorders, allowing a standardized assessment of autistic symptoms. Each subject is administered activities from just one of the four modules. The
selection of an appropriate module is based on the developmental and language level of the referred individual. Module 1 is used with children who use little or no speech. Subjects that do use phrase speech but do not speak fluently are administered Module 2. Module 3 is for younger subjects who are verbally fluent. Module 4 is used with adolescents and adjust who are verbally fluent.

**Evidence Based Practices in Autism by C.A.P.T.A.I.N.**

C.A.P.T.A.I.N. (California Autism Professional Training and Information Network) is dedicated to providing statewide access to training and resources in Evidence Based Practices (EBPs) that are culturally sensitive, family centered, cost effective, and competency based. Supporting locally based trainings with trainers of trainers at the local level. Emphasizing how to use EBPs to assist students in accessing the California Common Core State Standards and developing College and Career Readiness. Providing ongoing training, support, and technical assistance to implement EBPs and ensure fidelity of implementation. Supporting the development of local multiagency collaborations to support consistent use of EBPs. In addition to providing web based access to materials and resources that are vetted and aligned with current EBPs.

**Behavior**

**Behavior Series**

**Data Collection in Special Education**

In this training, participants will have the opportunity to learn about the most common types of data systems used in special education programs (e.g., frequency, duration) and how different IEP goals require different types of data collection. Particular attention will also be given to how to accurately collect ABC data and participants will have opportunities to practice this through case examples and group activities.

**Understanding the Functions of Behavior**

The focus of this training will be helping participants learn that behaviors are information and serve a number of different functions. Once functions are understood then skills can be developed that allow students to navigate through struggles in a more adaptive manner.

**Fundamentals of Behavior**

To help educational staff broaden their understanding of “behaviors” in students, this training will introduce them to the science of behavior, including the neuro-
biological cycle of behavior that is true for all human beings. Additionally, information related to ACES, trauma, learning challenges, and chronic stress experiences will be presented to help participants examine their own narratives about behaviors in students.

**De-Escalation Strategies: Guiding Principles and Next Steps**

In this training, participants will have the opportunity to learn guiding principles for de-escalating students during behavioral/emotional responses and the importance of proactive strategies to mitigate escalation cycles.

**Behavior Intervention Plans (BIP) (TBD)**

SELPA PENT Cadre members will take participants through all the steps of a behavior intervention planning process.

**Multi-Tiered System of Supports for Behavior and Social Success**

The implementation of school-wide classroom and research-based positive behavior emotional supports promotes successful social and learning outcomes. In this training, a practical application for social/emotional supports to be discussed. Resources for implementing behavior and social/emotional interventions at each tiered level will encompass this training.

**Crisis Prevention**

**Nonviolent Crisis Prevention Intervention:**

**One-Day Refresher:**

The One-Day Refresher Course is designed for persons who need to re-certify and have already taken the Initial Course and received certification.

Investment: $20 for Staff and Parents of students attending public school within Santa Barbara County, $30 all other participants.

**Two-Day Initial:**

The Two-day Initial Course is designed for school staff working with students who have the potential for demonstrating “acting out” behavior.

Investment: $20 for Staff and Parents of students attending public school within Santa Barbara County, $30 all other participants.

**Conscious Discipline Modules**
Developed by Dr. Becky Bailey, watch a series of training modules on Conscious Discipline, an evidence-based, trauma-informed social-emotional learning program. At the end of the module, a facilitated discussion will take place to review the information covered.

**A-4:** December 10 12:00-3:00 Autism Spectrum Disorder (ASD): What Every Para educator Should Know.

An overview of autism spectrum disorder (ASD) and practical information para educators can use for effective teaching. Strategies and behavior supports will be discussed and include visual pacing and closure systems, schedules, prompting hierarchies, and reinforcement principles.

**Audience:** Para educators working with students with ASD.

**R-1:** January 21 (Time TBD) Battery Not Included: Assessing Complex Communication Needs of Students Who Cannot Access Formalized Testing

Meaningful assessment is an essential first step toward appropriate goals and intervention. However, not all students are responsive to a standard testing approach (e.g., formal test battery dependent on verbal/motor motor responses).
Students with severe and multiple disabilities often experience complex communication disorders which are inseparable from learning and behavior. Students who live in complex bodies present a challenge in determining a consistent and purposeful response pattern to even begin testing. This training will explore the selection and use of appropriate assessment tools designed to assess a student who cannot access traditional measures. The emphasis will be on utilizing multiple assessment procedures that reveal the student’s strengths and reliable abilities. Participants will gain knowledge of interdisciplinary assessment practices, communication domains to assess, and how to modify existing tools to gain a clearer picture of a student’s communication and learning profile.

**Audience:** Speech-language pathologists. If an attendee is not a speech-language pathologist, they need to attend with an SLP from their district to facilitate appropriate teaming. For example, school psychologists, childhood special education teachers, and/or occupational therapists who are qualified to conduct AAC assessments for their school district.

**S-2: February 23 12:00-3:30 Ensuring Successful Transition to Adulthood for Students with Moderate to Severe Disabilities**

This training will focus on facilitating successful movement from school to post-secondary activities (e.g., integrated employment if applicable, independent living and community participation) for students with moderate to severe disabilities. Movement to postsecondary activities is guided by the student’s strengths, preferences, and interests. Critical to the success of this process is: 1) determining students’ developmental profile, 2) translating students’ developmental profile into postsecondary activities and goals, and 3) lining up postsecondary activities and goals with Indicator 13 and evidence-based Transition practices and predictors for success. Case studies and visual supports will be used to demonstrate application of practices.

**Audience:** Secondary Special educators, program specialists, administrators, and parents.

**R-3: March 18 12:00-3:00 Still Not Producing: Assessment and Intervention for Executive Function Difficulties**

The purpose of this training is to present an advanced overview of the professional field’s current thinking about the role and complexity of executive functioning, the process of measuring executive functioning through multiple means, and ways to apply assessment results to real world supports and interventions. Methods of supporting students’ executive function system within the school environment will be discussed.
**Audience:** School psychologists and anyone with knowledge of psychological tests and psychometrics. Participants should have a basic understanding of executive functioning.

**G.R.O.W:** G.R.O.W. Growth Mindset, Resilience, Other Centered, Work Ethic (For Therapeutic Learning Programs (T.L.P.)):

**Introduction to G.R.O.W. for new programs and staff**

**CCASP Symposium October 16, 9:00-12:00**

Legal Updates: The law requires that districts reassess a student with a disability at least once every three years, when a student’s changed needs merit a reassessment or upon parental or teacher request. Keeping in mind the backlog of reassessments facing most districts as a result of COVID-19 closures, our presentation focuses on the essentials of a compliant and defensible reassessment. Drawing practical lessons from recent decisions, we will discuss the review of existing data, the observation component, assessment reports and much more. Wesley B. Self-Care for the Educator

Self-Care for Educators provides a time to reflect on your own mental health so that you can more effectively support students. In the course of our work, we are confronted with the challenging aspects of life. As Educators, we are asked to “do more with less,” and work within uncertain funding and restrictive policy contexts. The circumstances the youth of today bring to school often impacts not only our teaching but takes a toll on the school as a whole. Practicing self-care is an important activity that will help you cognitively, physically, and emotionally “bounce back” each day over the long term.

Parent Support

Mental Health for Families: Supporting the Mental Health of Families and Caregivers during Distance Learning

A presentation of self-care practices during times of acute and chronic stress for parents/guardians/caregivers. In addition, a resource for parents/guardians/caregivers to help support the children in their home during this time of distance learning.

Participants will explore how to support diverse populations, social emotional learning, and provide resilience.

Crisis and Triage: Supporting a Community of Safety and Welfare for Students (and Staff!)

Participants will gain a functional understanding of basic crisis and triage principles in the contexts of both individual and community support systems, and as they apply to the role educators hold in the lives of youth. Participants will have the opportunity to bolster their crisis response with tools and perspective to support students, colleagues, and themselves.

Re: December 7, 2020 SBCSELPA JPA Board Regular Meeting Minutes Summary

BACKGROUND:

➢ The Santa Barbara County Special Education Local Plan Area Joint Powers Agency Board is composed of eight Superintendents representing LEAs in Santa Barbara County.

➢ The Joint Powers Agency Board meets monthly to review Santa Barbara County SELPA’s utilization of available resources, processes and procedures for identification and placement of children with disabilities.

➢ The SBCSELPA Executive Director reports on a monthly basis during the school year to the JPA Board.

➢ Highlights from the December 7, 2020 SBCSELPA JPA Board Meeting Minutes are as follows:

1. Nineteen Local Educational Agency (LEA) were selected by the California Department of Education (CDE) for participation in ‘targeted’ monitoring for special education improvement activities. Each LEA wrote a Special Education Plan (SEP) that was reviewed by SBCSELPA and submitted to CDE for review and acceptance.

2. Assistive Technology and Augmentative and Alternative Communication (AT/AAC) procedures including new Guidelines for Consideration of AT and Referral for Assessment in AT/AAC were reviewed by Special Education Directors and the JPA Board. All documents were approved.

3. Additional funding has been received by SBCSELPA and shared with LEAs for students qualifying under Low Incidence.

New Features/ Updates in SIRAS

A virtual meeting link can now be added to the IEP meeting notice. When ‘Virtual meeting’ is entered as the Place for the IEP meeting, the Conference Link and Password fields will appear. Paste the link and password into the Conference Link and Password fields. Open the IEP meeting notice and the live link will appear on the notice. Parents will have access to the live link from the downloaded notice and on the day of the meeting, users will be able to click the Go To Link button in the IEP Manager to launch the meeting via your browser.

Green check mark added to quickly see which IEP meetings have been held from the Choose student list. A green check mark will appear if the meeting has been held.

Uploaded Documents: Users can now view a document uploaded to the basic forms within the IEP manager basic forms tab. When uploading, attach to Basic IEP Forms and choose the form order. This would be useful when uploading a transcript to attach to the course of study form. The file name and description will appear in the Edit Forms column and paginate with the Preview/Print button.
Updates for All Users

Personnel Supports now List-able and Search-able
The Personnel Supports fields on the [IEP 8] Supplemental Aids and Transportation form will now be mapped for any future IEPs. The supports will be located, but not part of, the services.

Triennial/Reevaluation – no Annual Review
For the SELPAs who disassociate the Evaluation with the Annual Review, that option will be available prior to the creation of the meeting. That option should be used sparingly so that the Annual Review and the 3-year evaluation can be synced.

Progress Report Comments
The COVID-19 reasons for ‘Reason not met’ and for Goals Comments have been removed from the Progress Report section.

“Parent Contacted, No Response” will soon be an option added in the dropdown for Parent Response. This will archive the IEP in the IEP Manager and generate a meeting record for CALPADS, so that CDE will know that an IEP meeting was held. The new Parent Response will give the ability to search for meetings where no signatures have been received. If the parent later returns the form with written consent, upload the signed form to the SIRAS record and change the parent response to “Accepts the plan” in the IEP Manager and notify your SIRAS Data administrator. The SIRAS Data administrator will confirm that any changes to the student’s MIS data are properly documented in current and archived records.
