Jennifer briefly reviewed what ADR is, Alternative Dispute Resolution, basically it is attempting to resolve a dispute between parent(s) and a District through collaboration and discussion rather than litigation. Additionally, there is Learning Loss which is working to help students because of virtually learning due to the pandemic. Jennifer shared ideas of how the funds can and will be used by the SBCELPA and within the districts. The allocation of the funds to each District was all shared with the group. Jennifer also reviewed the plans that were required to be submitted to be eligible for the funds and a summary of what was included in the plans that were submitted. Lastly, she shared that the PowerPoint that was included in the agenda has a lot more detail about everything. The Committee was satisfied; there were no questions or comments.

The Committee was satisfied; there were no questions or comments.

D. **CAC Role and Purpose – Local Plan §2402**

Jamie Johnson reviewed this item sharing with the group that the primary role of the CAC is to work collaboratively amongst the district representatives, parents, and agency partners. We want to bring information from the schools to the parents and educate the parents on the IEP processes. Jamie also reminded everyone that although this is a structured meeting everyone should feel comfortable to ask
V. ITEMS SCHEDULED FOR INFORMATION/DISCUSSION/ADVISEMENT (continued)

questions about information being shared or of presenters from outside who are sharing with the CAC, and to feel free to share concerns or comments they may have. The Committee was satisfied; there were no questions or comments.

E. CAC Composition of Membership – Local Plan § 2403
Jamie Johnson reviewed this item and went over the guidelines are for who the members of the CAC are, a combination of 13 parents/guardians, 9 school professionals/staff, 1 representative from a professional agency. Membership is a 2-year commitment, members from respective districts must also be approved. The Committee was satisfied; there were no questions or comments.

F. Review of CAC current membership/demographics
Jamie Johnson continued the discussion of CAC composition of membership and reviewed the current membership vacancies. Currently there are 6 vacancies from various districts that we need to recruit for and fill. The CAC is also in need of an adult student who could join and bring information to the committee. The Committee was satisfied; there were no questions or comments.

G. CAC Brochure, Informational Flyer, and Meeting Schedule
Jamie Johnson introduced this item and shared the CAC brochure that is available in both English and Spanish. The brochure talks about the importance of CAC, the membership, the benefits and provides the meeting schedule. The Committee was satisfied; there were no questions or comments.

H. SBCSELPA 2021-2022 Professional Development Offerings Booklet
Jennifer Connolly highlighted the offerings booklet and reviewed the trainings that are coming up in the immediate future, including trainings that we are collaborating on with our neighboring SELPAs. Jennifer shared that the offerings booklet is updated monthly and most everything offered is free, also the information can be found on SELPA website. The Committee was satisfied; there were no questions or comments.

I. SBCSELPA Brochure and Website
Jennifer Connolly shared the SBCSELPA brochure and reviewed the website and its offerings with the CAC. Jennifer reminded everyone that the website is currently under renovation and being updated and the new website should be live in January 2022. The Committee was satisfied; there were no questions or comments.

J. 2021 – 2022 CAC Project Discussion
Jamie Johnson introduced this item and shared the project the CAC created last year brochures for each stage/transition in a child’s education. Additionally, she reviewed the other projects that have been created in previous years which included the IEP help sheet and the Turning 3 Transition Booklet. The goal is to create a project that can be completed within the 4 meetings the CAC holds, then once the project is completed Jennifer will present it to the SEAM group for feedback, and finally it is presented to the JPA Board for approval, then translated and sent out to sites to be shared out.

Jamie then opened it up to the group to gather input and ideas from the group for this year’s project suggestions. Ideas that were shared and types of resources to share the information included the following:

- Mental Health & Pandemic, how we are dealing with that in the classroom. Type of Resource – poster. “Tips for Parents in Preparing Your Child for School Each Day.”
V. ITEMS SCHEDULED FOR INFORMATION/DISCUSSION/ADVICEMENT (continued)

- High School Level Issues/Gaps – Difficulty with credit requirements to obtain diploma. Need to share the gaps with parents and issues to recover credits.
- Shift in Understanding of Behavior for Parents. Modeling certain behavior and giving tools to address certain behaviors. Type of Resource – Parent training series and/or resources to direct them to information.
- Determine who are we trying to serve with the project / focus on students, staff and/or parents.
- Brochure for Parents on how they can help and the resources out there such as Alpha that parents may not know about.

Jennifer commented that we have the brochures that were created last year and now possibly focusing on getting the information out there. Possibly hosting a parent night to share the information that was shared above as project ideas. How to support parents, students, and staff in the transition back to school. Members suggested a virtual open house with various “booths” that focused on a particular topic that people can choose to go to, “Parent Fair.”

Jennifer further reminded the group that for whatever project we choose we have 3 more meetings to complete the project. Another option for a grander project is to form an Ad Hoc Committee that meets outside of the regular CAC meetings and does more extensive background work and reports back regularly to the CAC at the meetings. Lindsay MacDonald reminded everyone that this is currently information and discussion item and so we would have to bring the final project back as a consent/action item for a vote in December. Due to time restraints Jennifer suggested that Jamie compile the ideas and share them out to everyone for the December meeting so that people can think about the suggestions and be ready to decide at the next meeting. Jamie also reminded everyone that if they think of a new idea then they can forward it to Jennifer who will pass it on to Jamie. At the next meeting the decision of the project will be and determine if an Ad Hoc Committee will be necessary to execute the project. The Committee was satisfied; there were no further questions or comments.

K. Presentations for the 2021 – 2022 year

Jamie Johnson introduced this item and reviewed some ideas/suggestions that were brought up at last years meeting. In December we are scheduled to have an ADR/CADRE presentation, in February 2022 CAPTIAN will do a presentation on autism, and lastly in April 2022 typically Ray Avila, SBCSELPA Executive Director presents updates for the year. Alternative to Dispute Resolution (ADR)

SBCSELPA and member LEAs promote collaborative relationships with parents or guardians and community agencies ensuring students with disabilities receive free and appropriate education (FAPE). SBCSELPA provides to member LEAs, parents/guardians, and agencies throughout Santa Barbara County alternatives for resolving disputes or misunderstandings in
the IEP Process. The Alternative to Dispute Resolution (ADR) goal is to restore positive communication with parents, guardians, and LEAs. ADR meetings save time and money by promoting ongoing collaborative relationships with parents, LEAs, and community agencies. Participants will learn how to organize and orchestrate effective IEP Team meetings and about a Facilitated IEP Team meeting.

Assessment

Patterns of Strengths and Weaknesses (PSW)

A Pattern of Strengths and Weaknesses (PSW) is one of the three methods school districts may use when determining a student's eligibility under Specific Learning Disability (SLD) category. As opposed to the discrepancy model, which informs the team if a student is performing more poorly than expected, PSW seeks to determine why, thus effectively linking assessment to intervention. Participants will be presented with information necessary to understand, interpret, and apply the PSW model to SLD eligibility to be consistent with California Special Education law. The different ways of qualifying for SLD will also be presented along with why PSW evolved.

Assistive Technology/ AAC

Setting up an AAC Friendly Classroom: 10/6/2021

Lisa Foote, SBC SELPA AT/AAC Specialist will review strategies in how to set up your classroom environment to support AAC users, as well as all students and staff!

- What to do if you have multiple students using different AAC systems in one classroom?
- How to include a variety of low/no, mid, and high tech AAC options in your classroom depending on student needs.
- How to navigate the different approaches in embedding AAC into your environment and/or teaching: (core-words, activity-based, routines, peer modeling, structured/unstructured?)
- Additional tips for building your personal competence in learning to speak and teach AAC throughout the day with your students.

Participants: SDC Teachers, SLPs, OTs, APEs, Parents.
Autism

ADOS Autism Diagnostic Observation Schedule (TBD)

The Autism Diagnostic Observation Schedule (ADOS) is an instrument for assessing autism spectrum disorder. The protocol consists of a series of structured and semi-structured tasks that involve social interaction between the examiner and the individual under assessment. The examiner observes and identifies the potential diagnosis of classic Autistic Disorder or related autism spectrum disorders, allowing a standardized assessment of autistic symptoms. Each subject is administered activities from just one of the four modules. The selection of an appropriate module is based on the developmental and language level of the referred individual. Module 1 is used with children who use little or no speech. Subjects that do use phrase speech but do not speak fluently are administered Module 2. Module 3 is for younger subjects who are verbally fluent. Module 4 is used with adolescents and adjust who are verbally fluent.

Evidence Based Practices in Autism by C.A.P.T.A.I.N.

C.A.P.T.A.I.N. (California Autism Professional Training and Information Network) is dedicated to providing statewide access to training and resources in Evidence Based Practices (EBPs) that are culturally sensitive, family centered, cost effective, and competency based. Supporting locally based trainings with trainers of trainers at the local level. Emphasizing how to use EBPs to assist students in accessing the California Common Core State Standards and developing College and Career Readiness. Providing ongoing training, support, and technical assistance to implement EBPs and ensure fidelity of implementation. Supporting the development of local multiagency collaborations to support consistent use of EBPs. In addition to providing web-based access to materials and resources that are vetted and aligned with current EBPs.

Behavior

Data Collection in Special Education

In this training, participants will have the opportunity to learn about the most common types of data systems used in special education programs (e.g., frequency, duration) and how different IEP goals require different types of data collection. Particular attention will also be given to how to accurately collect ABC data and participants will have opportunities to practice this through case examples and group activities.
Understanding the Functions of Behavior

The focus of this training will be helping participants learn that behaviors are information and serve different functions. Once functions are understood then skills can be developed that allow students to navigate through struggles in a more adaptive manner.

Fundamentals of Behavior

To help educational staff broaden their understanding of “behaviors” in students, this training will introduce them to the science of behavior, including the neuro-biological cycle of behavior that is true for all human beings. Additionally, information related to ACES, trauma, learning challenges, and chronic stress experiences will be presented to help participants examine their own narratives about behaviors in students.

De-Escalation Strategies: Guiding Principles and Next Steps

In this training, participants will have the opportunity to learn guiding principles for de-escalating students during behavioral/emotional responses and the importance of proactive strategies to mitigate escalation cycles.

Behavior Intervention Plans (BIP)

SELPA PENT Cadre members will take participants through all the steps of a behavior intervention planning process.

Multi-Tiered System of Supports for Behavior and Social Success

The implementation of school-wide classroom and research-based positive behavior emotional supports promotes successful social and learning outcomes. In this training, a practical application for social/emotional supports to be discussed. Resources for implementing behavior and social/emotional interventions at each tiered level will encompass this training.

Creating a Culture of Wellness How to support Intentionally and Meaningfully Support Staff Well-Being

Now more than ever, school staff – from teachers to paraprofessionals to office personnel – need to feel connected to and supported by their school family. This past year has taken a toll on everyone and has highlighted the need to, intentionally and meaningfully, support the social-emotional wellness not only of our students, but also of our staff. After all, if our staff do not have the skill set needed to regulate their own emotions, how are they able to teach it to students?
In this two-part workshop, we will cover the concept of emotional intelligence, how to use these skills to enhance and promote the wellness of the educators you support, and most importantly, how to cultivate it within yourself to be a more effective leader. Together, we will review your existing staff wellness practices, discuss new ideas to enhance these practices, and build new practices that lend themselves to the improvement of staff well-being, and in turn, student well-being and school climate.

This training will review why routines and understanding development matter, how to turn routines into learning opportunities, ways to create communication opportunities and support our student within their routines, and ideas on how to differentiate activities for a range of abilities.

**Audience:** Teachers, paraeducators, SLPs, OTs, parents,

**M-6: November 3: Keeping the Day Sane: Mental Health 101 for Paraeducators**

Many adults handle behavior scenarios with tactics that actually escalate student emotions rather than improve them, resulting in a decrease in student readiness for participation and learning. This training will equip staff with basic knowledge and easy-to-learn strategies that help staff be more successful and keep students safe and ready to learn.
Audience: Paraeducators, Special Education Teachers, Administrators, School Psychologists, ERMHS staff, School Counselors and other IEP team members.

M-8: December 1: Mindfulness Practice: The Educator’s Guide to Help Students Practice Mindfulness

There is a growing body of research that shows the effectiveness of mindfulness practices for children and adolescents to help regulate their emotions and develop positive coping strategies. Mindfulness practices are also considered an effective intervention to develop empathy and decrease anxiety and aggressive behaviors.

Audience: Special Education teachers, School Psychologists, Administrators LCSWs, LMFTs, LPCCs, Clinical Psychologists, ERMS staff or school counselors.

Time: 1 hour (recorded training)

S-1: January 12: An Introduction to the What’s and Not’s of Attention Deficit Hyperactivity Disorder (ADHD) and Implications

An introduction to the understanding and complexity and multifaceted aspects of Attention Deficit Hyperactivity Disorder (ADHD). Cognitive, behavioral, social, and academic issues associated with the condition will be discussed. Focus is placed on critical role of executive functioning (i.e., self-regulation and self-goal directed behavior) and how this functioning explains many of the challenges faced by students with ADHD. Professionals require the understanding of the disorder as it is necessary for effective development and implementation of strategies and supports. Techniques and strategies will be shared that can support students who face challenges associated with ADHD.

Audience: School psychologists and anyone with knowledge of psychological tests and psychometrics. Participants should have a basic understanding of executive functioning.

Many interventions exist for Autism Spectrum Disorder (ASD). However, scientific research has found only some of these interventions to be effective. The interventions that researchers have shown to be effective are called evidence-based practices (EBPs). Primary reasons for using EBPs are that the students demonstrated improved outcomes, the interventions are legally defensive, and the use of EBPs align with best practices in education. This training will provide the history on identification of EBPs for ASD and support the understanding and use of EBPs for individuals affected by mild-moderate ASD.

Audience: School personnel working with students with mild-moderate ASD.

Behavior Series

Understanding Brain States & Behavior

Participants will be introduced to the applied science of brain states and behavior regulation. The goal of this mini-PD is for staff to begin to understand the underpinnings for all human escalation cycles and how “behavior” is not unique to students with behavioral challenges. Staff will be guided through current research on the topic and have the opportunity to participate in activities that help integrate the content that is presented.

Supporting Students with Behavioral Needs in School Settings

This introductory mini-PD offers participants a brief overview of traditional vs brain-based perspectives on student dysregulation and challenges staff to reflect on their own narratives about student problem behavior. Additionally, a variety of proactive evidence-based practices for mitigating challenging behavior will be presented and participants will have an opportunity to apply strategies to case-studies in a small group activity.

How To “Coach” Students

This mini-PD is focused on practical, hands-on, evidence-based strategies for giving students feedback, offering supporting, and “correcting” pre-escalation behavior. Staff will reflect on how they like to be “coached” and then apply the scientific information shared to case examples they self-generate. The goal is for participants to walk away with a fresh perspective on how “coaching” vs correcting and/or inadvertent shaming of students could broadly help all the students they serve.

Default vs GROW: How our “Lens” Impacts the Way We Support Students

This mini-PD will start with a brief review of brain states and how behavior escalates in all humans, followed by an outline of the differences between “default” vs “GROW” lenses. The objective is for participants to understand what influences our perspectives and responses to student behavior and how students, especially students with challenging behavior, deserve scientific coaching practices rooted in dignity not punishment procedures.

Data Collection in Special Education

In this training, participants will have the opportunity to learn about the most common types of data systems used in special education programs (e.g., frequency, duration) and how different IEP goals require different types of data collection. Particular attention will also be given to how to accurately collect ABC data and participants will have opportunities to practice this through case examples and group activities.
Understanding the Functions of Behavior

The focus of this training will be helping participants learn that behaviors are information and serve a number of different functions. Once functions are understood then skills can be developed that allow students to navigate through struggles in a more adaptive manner.

Fundamentals of Behavior

To help educational staff broaden their understanding of “behaviors” in students, this training will introduce them to the science of behavior, including the neuro-biological cycle of behavior that is true for all human beings. Additionally, information related to ACES, trauma, learning challenges, and chronic stress experiences will be presented to help participants examine their own narratives about behaviors in students.

De-Escalation Strategies: Guiding Principles and Next Steps

In this training, participants will have the opportunity to learn guiding principles for de-escalating students during behavioral/emotional responses and the importance of proactive strategies to mitigate escalation cycles.

SELPA 28: SBCSELPA Continuum of Mental Health Services

Late in 2020, an Ad-Hoc Committee was formed to revise the SBCSELPA Continuum of Mental Health. This training is to introduce the new Continuum, discuss its function/limitations, and to provide information on two added services to the Continuum: Social Work Services and Parent Counseling.

SELPA 28A: SBCSELPA Wrap Supports Referral- recorded available on SBCSELPA YouTube Channel

The new Santa Barbara County SELPA Wrap Referral is here—and it’s fillable! This short training will explain what Wrap supports are, how the referral process works, and how to document on an IEP. This training will be recorded and available for viewing at your convenience.

Brain-Based Behavioral Perspectives and Support Strategies

Drawing from foundations of interpersonal neurobiology, applied developmental attachment, and specific communication skills; participants will gain a functional understanding of how educators can best support students who present with relational and behavioral challenges. Staff will then be able to calibrate their approach to meet the needs of the student as they exist in the moment, supporting emotional resilience and academic success.
Relational Scaffolding

Drawing from foundations of interpersonal neurobiology, applied developmental attachment, and specific communication skills; participants will gain a functional understanding of how educators can best utilize relationships with their students to support social-emotional development, academic access, and a culture of emotional inclusion.

G.R.O.W. Skill-Building Sessions

Participants in the G.R.O.W. Skill-Building Sessions can expect to take a deeper dive into the program components covered in the G.R.O.W. Summit. With facilitation, participants will engage in small group role-play activities in order to practice the skills taught in the sessions. Additionally, participants will have the opportunity to connect and consult with the G.R.O.W. learning community in order to learn from others’ successes and problem-solve barriers to program implementation.

Self-Care for the Educator

Self-Care for Educators provides a time to reflect on your own mental health so that you can more effectively support students. In the course of our work, we are confronted with the challenging aspects of life. As Educators, we are asked to “do more with less,” and work within uncertain funding and restrictive policy contexts. The circumstances the youth of today bring to school often impacts not only our teaching but takes a toll on the school as a whole. Practicing self-care is an important activity that will help you cognitively, physically, and emotionally “bounce back” each day over the long term.

Parent Support

Mental Health for Families: Supporting the Mental Health of Families and Caregivers during Distance Learning

A presentation of self-care practices during times of acute and chronic stress for parents/guardians/caregivers. In addition, a resource for parents/guardians/caregivers to help support the children in their home during this time of distance learning.

E. **SBCSELPA Executive Director’s Report**

Ray Avila highlighted items #4 and #6 in his Executive Director’s Report related to State finance updates and ADR/Learning Recovery Funding. Ray began by discussing item #4, sharing that this has been a landmark year for Special Education programs to receive extra funding, about $3 million has been brought into our County. More importantly is item #6 which is regarding the ADR/Learning Recover Funds and Santa Barbara County is going to receive almost $6 million from this “one time funding” that the Governor has allocated. Approximately $100 million in ADR COVID funds and $450 million in Learning Recovery funds to be received and we have 2 years to spend this money. Ray shared that him and Jennifer are meeting with almost all of the Special Education Directors and some of the business officials in the County to review the plans that are required to be submitted to the CDE. Ray assured the Board that he will continue to update the Board on this item as it further develops.

Hilda Maldonado had a question regarding item #6, CDE Compliance Efforts for 2021-22, SBUSD (Over Identification of Hispanic Students” and the 2 other districts with “Over Identification of White Autism Students.” Hilda said she has looked in and asked about the number of preschool students that are coming in and it appears that there is a lot of identification by Tri-Counties Regional Center (TCRC). Hilda requested if it could be arranged to have TCRC do a presentation to the Board regarding how is that happening and how does the identification work because SBUSD seems to be inheriting those and as Hilda plans what needs to be done in her district she would like to have a better understanding of how that occurs. Ray confirmed that he would reach out to those partners and put them on a future agenda. The Board was satisfied; there were no further questions or comments.

VI. PRESENTATIONS

A. Unaudited Actuals Report Fiscal Year 2020-21
   Presenter: Jenelle Williams, SBCSELPA CBO
Jenelle Williams, SBCSELPA Business Official, presented information related to the SBCSELPA’s 2020-2021 Unaudited Actuals and Ending Fund Balance. She reviewed the reporting cycle of the Budget and Reports that occur throughout the year. Jenelle presented information related to the SBCSELPA’s various reserve accounts and a proposal for allocation of the AB602 and Mental Health Ending Fund Balances.

This year the SBCSELPA is ending the year with an ending fund balance of $4,353,741, mostly due to additional revenue that was received this last year primarily for low incidence, which is a little higher than previous years.

Lastly, Jenelle reminded the Board that this is the first year that we are reporting our new Special Education pass-through fund, Fund 10, we took that over from our AU GUSD last spring. We took back this fund which used to be reported by GUSD but now it will be on SELPA’s books. The Board was satisfied; there were no questions or comments.
VII. ITEMS SCHEDULED FOR ACTION/CONSIDERATION

B. Santa Barbara County Education Office (SBCEO) Regional Program Request for Expansion of LUSD Fillmore Preschool Special Day Class (SDC) Program for the 2021-2022 School Year
   1. SBCEO Request

Recommendation: The JPA Board approve the SBCEO Regional Program request for funding of the expansion of the LUSD Fillmore Preschool SDC Program for the 2021-2022 school year as presented.

Motion to Approve: Amy Alzina   Second: Hilda Maldonado
Vote: 7 – 0 The motion passed with JPA Board Members Amy Alzina, Antonio Garcia, Randal Haggard, Anne Hubbard, Trevor McDonald, Hilda Maldonado, and Susan Salcido voting in favor; none opposed.

Ray Avila introduced the item and shared that Kirsten Escobedo was joining us and could share more about this request. Kirsten reviewed the request and that it is to expand the program at Fillmore in LSUSD from a half day preschool program to a full day, she reminded everyone that SBCEO serves students in Lompoc and provides preschool services to them. The proposal is to take this 3-hour per day program and expand to a full day option to provide spaces for an additional number of students to attend for another 3 hours for the rest of the day. Kirsten further provided some updated numbers that are outlined in the item memo that have increased since this memo was written. The board was satisfied; there were no questions or comments.
VII. **ITEMS SCHEDULED FOR ACTION/CONSIDERATION: (continued)**

   **C. Santa Barbara County Education Office (SBCEO) Regional Program Request for Funding of Additional Instructional Assistance (IA) for LUSD Clarence Ruth Elementary Pre-K LEAP Program for the 2021-2022 School Year**

   1. SBCEO Request

   **Recommendation:** The JPA Board approve the SBCEO Regional Program request for funding of continued additional IA support for LUSD Clarence Ruth Elementary Pre-K LEAP Program for the 2021-2022 school year as presented.

   **Motion to Approve:** Randal Haggard  **Second:** Antonio Garcia

   **Vote:** 7 – 0 The motion passed with JPA Board Members Amy Alzina, Antonio Garcia, Randal Haggard, Anne Hubbard, Trevor McDonald, Hilda Maldonado, and Susan Salcido voting in favor; none opposed.

Anne Hubbard introduced the item and then turned it over to Kirsten Escobedo to expand on the details of this request. This is another preschool program in LUSD that is for our students with autism that have the most significant needs (behavioral, sensory, pre-academic, etc.) The SELPA Local Plan currently allocates 4 staff to a program with 9 students, that being 1 teacher and 3 paraprofessionals, this program currently has 10 students in it and so that is why this request for an additional paraprofessional to serve the needs of these students in this program. Kirsten confirmed that a representative from SBCSELPA and LUSD went with Andy Evans, Coordinator who supports this program, to visit the classroom and all agreed that this was an appropriate request.

Hilda Maldonado asked since both requests are related to preschools are we seeing an increase in birth rates in the last couple years that this is happening. Ray responded with information he received at his State SELPA, that yes, we are seeing an increase in birth rates statewide, he has not specifically looked at the numbers for SB County recently.

Randy Haggard had a question regarding feedback from SEAMBO in reference to this request. Ray shared that SEAMBO has not officially met for this school year, but this request was presented at SEAM in August and that he did share the information with SEAMBO via email and he has not received any feedback as of today’s date. Ray confirmed that he will present this at the first SEAMBO meeting in person to ask if there is any feedback and if there is he will bring it back that would dissuade this decision then Ray would bring it to the JPA Boards attention. The board was satisfied; there were no further questions or comments.

**D. SBCSELPA Chief Business Official Salary Schedule Revision**

1. Kim Hernandez Resignation Letter
2. EDJOIN Job Posting for CBO
3. SBCSELPA Internal Salary Comparison
4. Listserv Salary Comparison
5. SSC, Inc. Summary of Comparative Salaries
6. Revised CBO Salary Schedule (Approved by JPA Board 7/9/21)
7. Revised Classified Management CBO Salary Schedule
VII. ITEMS SCHEDULED FOR ACTION/CONSIDERATION: (continued)

Recommendation: The JPA Board approve the SBCSELPA request for the SBCSELPA Chief Business Official salary schedule to include the revisions as presented.

Motion to Approve: Antonio Garcia  Second: Amy Alzina

Vote: 7 – 0 The motion passed with JPA Board Members Amy Alzina, Antonio Garcia, Randal Haggard, Anne Hubbard, Trevor McDonald, Hilda Maldonado, and Susan Salcido voting in favor; none opposed.

Ray Avila reviewed the history behind this request and the Special meeting held in July 2021 at which time the CBO salary was revised but we did not designate the number of days and classify this as a management position and that is why it is necessary to bring this item back.

Ray confirmed the salary schedule would stay the same and showed the 2 additions that would be made to the CBO salary schedule. Anne Hubbard inquired what the number of duty days was previously, and Ray responded that in the past it was just a yearlong position and depending on the seniority of that employee it would determine the number of vacation days earned and would have off. Ray further explained was determined by the number of salary comparisons that were pulled for the previous salary schedule revision.

Susan Salcido inquired about the change to a management position and how that impacts the CBO position. Ray explained in relation to our SELPA its more of title only and allows that person to work alongside the Executive Director and Coordinator. Anne added that they went from being a Business Manager to CBO and Ray concurred with this statement. Ray further confirmed that these modifications were pulled from the previous salary comparison and wanted to bring this position up to the level of what is being seen statewide. Lastly, Randy Haggard asked if these changes would impact salary negotiations in the future since in the past the SELPA has brought forth recommendations and/or question’s and then has been treated as a unit, would this separate out the CBO as a manager from that unit. Ray confirmed that no this would not. The board was satisfied; there were no further questions or comments.

VIII. ITEMS FOR INFORMATION AND DISCUSSION

A. Orcutt Union School District Letter of Intent to Take Back Preschool Special Education Services as Non-Regional

1. Year & A Day Notice

Ray Avila reviewed this item and confirmed that Orcutt submitted their year and a day notice. What this district would like to do is transfer back their regional program to their own district, this is specifically for preschool only. The district will need to proceed with completing the appropriate items that are required when determining a take back, specifically, completing an itemized checklist with a proposed plan that will be placed on the November agenda as an action item.

Randy Haggard commented that he would like to revisit the take back of regional programs and the impact overall, we have discussed this several times at prior Board meetings and he would like to bring up this discussion again at a upcoming meeting. Ray responded that he would place it on the November meeting agenda as an information and discussion item. The Board was satisfied; there were no further questions or comments.
VIII. **ITEMS FOR INFORMATION AND DISCUSSION:** (continued)

**B. Announcement of New SBCSELPA Staff**

1. Rachel Wigle, SBCSELPA CBO
2. Barbara Katic, SB-PIC Doctoral Intern
3. Victoria Navarro, WRAP Facilitator
4. Stephanie Guertin, WRAP YSS

Ray reviewed the new SBCSELPA staff that were previously introduced in the earlier part of the meeting when welcoming the guests to the meeting and offered a more detailed brief background for each of the new staff members. The Board was satisfied; there were no questions or comments.

**C. SBCSELPA Staff Resignation Notifications**

1. Kim Hernandez, SBCSELPA CBO
2. Jenelle Williams, SBCSELPA CBO
3. Kirsty Kenny, WRAP Facilitator
4. Tony Aceves, WRAP YSS

Ray reviewed the recent resignations of SBCSELPA staff. Ray offered thanks and well wishes to the individuals who have moved on to other positions to further their careers and he appreciates all they had done for the SELPA. Lastly, Ray commented that despite these recent resignations the SELPA bounced back and hired some great new people. The Board was satisfied; there were no questions or comments.

**D. SBCEO Request for Low Incidence SBCSELPA “Set Aside” Funds for Cold Spring School District for the 2021-2022 Academic Year**

Ray Avila introduced this item commenting that this is a unique request and isn’t a request that comes often to the JPA Board. In his memo he tried to give a historical timeline of why this type of request is coming. Ray highlighted that this is a request in terms of our low incidence funds and reminded the Board that earlier Jenelle shared that all SELPAs received a huge increase in their low incidence monies last year. With that being said SBCSELPA earmarked some very important items to use up the money in 20-21 but as we saw in the unaudited actuals, we did have the ability to carryover a significant amount of money to this new school year. With that being said a big change occurred to one of our direct service schools, Cold Spring, in terms of their special education enrollment. Cold Spring is considered one of our small schools because of their enrollment numbers. Typically, they receive an adequate amount of funding for the low numbers of special education students they receive each year.

This year was unique, and they received more than expected number of students who fall into that low incidence category because of that it had a dramatic increase to their special ed costs, and this happened after they had built their special education budget for the 21-22 school year. Their special ed program are run and supported by SBCEO staff and the increases that are being presented would be part of that. Cold Spring low incidence funding will not cover the costs of the low incidence students that have come onboard in this new school year. Due to all this Cold Spring is having to request if SELPA could look at their “Set Aside” funds which is a line-item allocation for an emergency, unexpected cost comes up, etc. Going into this 21-22 school year the SELPA has a “set aside” of $99,851.00 which is for emergency usage. In addition, the SELPA has new “set aside” funds for the upcoming 21-22 school year and future emergencies. Ray reviewed that this request from Cold Spring is supported by SBCEO, and they are asking the Board to consider a potential amount of
VIII. ITEMS FOR INFORMATION AND DISCUSSION: (continued)

money to specifically support their special ed program and the needs of these low incidence students. Ray shared that in working with our CBO that SELPA has been able to identify potentially an amount of money that they could give to Cold Spring for the 21-22 school year, with the approval of the Board.

Randy Haggard asked to confirm this is an informational item and that it would be brought back as an action item after reviewing with staff and he would also need to look back at the budget himself and see what the set aside for the coming year is. Ray confirmed that Randy is correct.

Hilda Maldonado asked what the number of students is that increased at Cold Spring and Ray deferred to Kirsten Escobedo for this. Kirsten confirmed that the new students who are low incidence 2 students, 1 is hard of hearing and 1 is blind. Amy Alzina commented that these are just our low incidence students, currently they are having to dip into their reserve to make ends meet right now. Ray confirmed that after this discussion he will now proceed with bring this item back as an action item.

Lastly, Susan Salcido asked if there had been discussion about future years and the longer-term funding of these students since this is only addressing 21-22. Ray responded that because we have seen such an increase to low incidence funding statewide do to carrying over $1 million, which is not a good practice, we should be figuring out how to designate these funds year to year since these are going to be ongoing funds. To address this Ray is putting together an Ad Hoc Committee that will include SEAM & SEAMBO members to make recommendations to the Board for the upcoming school year and how we could designate those low incidence funds. The Board was satisfied; there were no further questions or comments.

E. 2021-2022 SBCSELPA Professional Development Offerings Booklet

Jennifer Connolly introduced the Professional Development offerings booklet for 2021-22 school year. She reminded everyone that this booklet is updated monthly and highlighted some key trainings of interest that are coming up in the couple of months. Jennifer is continuing to host as many trainings virtually as possible because that has been a continued request and most trainings are posted on the SBCSELPA YouTube channel to allow staff to access them later.

Hilda Maldonado inquired about how Jennifer and/or SELPA measures application of what is learned and how it is correlated to student outcomes. Jennifer shared that there are evaluations given after every training and then evaluate the responses and look at surveys and various other functions to gather information about the efficacy of the training. Additionally in the winter and spring time she polls the county to see where the staff is needing additional support and seek out presenters in that area and continually re-evaluating how the trainings and offerings are going. Ray commented that we specifically monitor student outcomes for every training, it would be a school district who identified a pattern or trend by working with Jennifer to build trainings around that, usually can be tied to districts SEP or LCAP. The Board was satisfied; there were no further questions or comments.
SBCSELPA JPA BOARD
MINUTES OF SEPTEMBER 13, 2021 REGULAR MEETING

VIII. ITEMS FOR INFORMATION AND DISCUSSION: (continued)

F. LEA/District Costs Associated with Due Process SBCSELPA Year-to-Date Account Balances
Ray Avila reminded the Board that this chart shows how we closed the 20-21 school year because we don’t have the specific 21-22 allocation yet because we had to wait for unaudited actuals to be completed. In summary shares that this is a healthy balance when looking at the overall legal costs spent by the districts. The Board was satisfied; there were no questions or comments.

G. SBCSELPA Legal Fees Year-to-Date Reserve
Ray Avila again reviewed that this chart displays the SBSELPA legal fees for the close of the 20-21 school year. The bulk of the money is spent on consultant work done with SELPA attorneys and professional development. The Board was satisfied; there were no questions or comments.

H. Nonpublic School (NPS) Year-to-Date Placement Expenditures
Ray Avila reviewed the current 21-22 NPS placements and highlighted that currently we only have 3 students in placement. Typically, we start the year off with anywhere from 6-10 students in NPS, we believe that the pandemic has played a large role in this low number but also our LEAs continue to do amazing work with our local teams to ensure our students are in their least restrictive environment and stay in our county. The Board was satisfied; there were no questions or comments.

      who would be participating in a closed session item later in the meeting.
E. SBCSELPA Executive Director’s Report
Ray Avila highlighted item #4 in his Executive Director’s Report related to State finance updates and ADR/Learning Recovery “One Time” Funds. Ray shared that the plans for these funds have been written and submitted to the CDE and the SBCSELPA is now working on the immediate plan to disburse the funds.

Ray also commented on the West Ed SEGA study presentation by Jason Willis from the West Ed Organization at the Superintendents Council meeting that morning. Ray thanked Susan Salcido for her participation in the presentation and the setting of the state for the presentation. Ray shared that he wanted to emphasize to the JPA Board that there is large concern in terms of the ramifications and recommendations, this concern will be emphasized when the official finance report comes out in this study. Ray was hesitant to emphasize that with the Board as he didn’t want to prematurely make any statements on behalf of the SELPA Association. Ray did want the Board to know that a very quick compilation of the numbers was done and presented to the State SELPA this last week from financial experts. If this study does have recommendations that go to legislation that potentially impact the funding model there will be some counties that receive more money than other counties, we know that it all comes from the same pot of money of AB 602, but that could potentially mean there would be an inequitable amount of funding for special education from county to county. Specifically, for Santa Barbara County we would go into the negative, potentially losing approximately $700,000.00 of our special education funding, nothing has been determined at this time hence use of the word “potentially.” Just wants everyone to be aware that on the financial end it could have some negative impact in this one area. Ray will keep everyone informed of what State SELPA puts out in terms of advocacy, information, and communication. The Board was satisfied; there were no further questions or comments.

V. PRESENTATION
A. Tri-Counties Regional Center (TCRC), Referral, Identification, and Placement Process of Preschoolers

Presenter: Alisa Eschenbach

Anne Hubbard introduced presenter Alisa Eschenbach of Tri-Counties Regional Center (TCRC), who were joining the meeting at a previous request of Hilda Maldonado to have them come and present to the Board. Alisa was happy to give a general overview of what TCRC is and what they do. Hilda Maldonado commented that she had a very specific question in relation to SBUSD as have a disproportionality of Latino students who are identified as Special Education, and in reviewing the data it appears that many of the students that they enroll in the school system come already identified as special education by TCRC. Hilda was upfront in not knowing the data and so she was looking to confirm that because there is an over representation of Latino students at SBUSD in special education. This is a topic that Hilda is looking to learn more about, the identification process. Alisa said that to answer that it would be helpful to review the Early Start Program.

Alisa began by introducing herself as the Early Start Manager for SLO County and Northern Santa Barbara County. Mika Harris covers the area from Goleta Early Start down to Ventura County border. Alisa shared that in regard to numbers and Santa Barbara County, referrals are really booming in Santa Maria proper and Lompoc.

Alisa provided 3 brochures that were included in the agenda to give details about TCRC and their offerings. The brochures included Early Start Program, Services for School Age Children, and Age Three Transition. As part of the presentation, she reviewed the brochures in greater detail and expanded on explaining what TCRC offers and does. The Board was satisfied; there were no further questions or comments.

VI. **ITEMS SCHEDULED FOR ACTION/CONSIDERATION (continued)**

A. **SBCEO Request for Low Incidence “Set Aside” Funds for Cold Spring School District for the 2021-2022 Academic Year (continued)**

   review and confirm that there are low incidence funds available for this request that has been made for Cold Spring (Line 4).

Amy Alzina commented that it is hard as a small school district when you get this unexpected student with disabilities that hasn’t been budgeted for. Amy also confirmed that she would not be voting on this action item.

Hilda Maldonado asked to clarify if the recommendation was to use all of what is in the 10% set aside for the request or to just give Cold Spring some of that. Ray confirmed that the request is to give Cold Spring all the set aside knowing that there is an amount remaining to allocate out to all the LEAs for the 2021-22 school year. The Board was satisfied; there were no further questions or comments.

B. **Fund 10 Update and Review of Accruals**

   1. Resolution of the SBCSELPA JPA to Establish a SELPA Pass-Through Revenue Fund, In Accordance with Education Code Section 42840 (Approved 5/3/21)

Ray Avila introduced the item and reminded the Board that this item was presented to the Board last month, at which time the Board was informed that with the new Fund 10 there was still some accrual work that needed to be done. At the October 4, 2021 meeting the Board did approve the 2020-21 Unaudited Actuals with the caveat that the rest of the Fund 10 accrual work would be submitted to SBAS by the extension date given of 10/5/2021. Ray confirmed that Rachel Wigle, SBCSELPA CBO, did complete the accrual work and submit it timely to SBAS and so the this is a follow-up on everything. Anne Hubbard introduced this item and shared that Randy Haggard mentioned that the Board should approve the hiring of the new SBCSELPA CBO, especially with all the recent movement in filling this position. The board was satisfied; there were no questions or comments.

VII. **ITEMS FOR INFORMATION AND DISCUSSION**

A. **Review & Discussion of Regional vs. Non-Regional Programs**

Ray Avila introduced this item reminding the Board that this is a topic that has been discussed in previous years and something we want to continue to discuss and monitor as it is very important to be sure that we have the continuum of services in special education for our students who need them. In Santa Barbara County we have both regional and non-regional programs, an example being preschool programs, in the South County all preschool programs are non-regional and in the North County the preschool programs are regional. This allows us to have a continual flow of program options and preschool is just one example of a variety of these programs. It is always a goal and fact through Federal law and IDEA that we must have options for our students. Ray thanked Randy and other Board members who have continued to help everyone stay focused on this topic especially when we have districts that may potentially want to transfer back. The board memo for this item gives a summary of what has been discussed in the past around this topic.

Amy Alzina began the discussion by asking about having a blind student to serve and placement for those students that have zero vision. Amy shares that she has a student has student with this disability and it is super challenging to provide an education. Amy asked if there is a regional program in Santa Barbara County to serve those students and how many students with this disability do, we have in the County? Ray shared that it is just a small number of students with this disability and then he deferred to Kirsten Escobedo as she runs this program through SBCEO. Kirsten shares that the regional program for the blind or visually impaired is run by 2 LEAs, the South County regional program is run by SBUSD, and the North County is run by SBCEO. Currently all visually impaired programs at this time are all itinerant, no special day classes for this disability, because of the small number of students that is why they are currently served at their district of residence rather than in a special class. Ray also comments that there is the continual advocacy for least restrictive environments which does play a role in having the student served at their district of residence and receiving itinerant services. Kirsten comments that there are state schools to serve these students, which are free and an option available to IP teams on the continuum and the reason they exist is to provide services to students with like peers.

Anne Hubbard had a question about the G.R.O.W. programs and regional programs for students with an E.D. qualification and that seems to be a challenge for her as a small district and wondered if other small districts are having these same problems. Ray responded that when you think about it in terms of continuum of services this population does give the most angst regarding how many options there are for these students in placement. We do have both regional and non-regional classrooms throughout the county, there are 19 G.R.O.W. classes for our ED population throughout the county but not all of them are regional, but our SPED Directors do a great job on leaning on each other when there isn’t a regional program in the proximity by collaborating and often a neighboring district with a non-regional...
VII. ITEMS FOR INFORMATION AND DISCUSSION (continued)

A. Review & Discussion of Regional vs. Non-Regional Programs (continued)

Program will serve a student through an MOU, if possible, but there is still always that lingering concern if this doesn’t work out.

Lastly, Ray pointed out that the attachment to the memo is the 2020-21 Regional Program list that is in the process of being updated for the 2021-2022 school year and will be shared with everyone as soon as it is ready. Randy Haggard thanked Ray and the Board for continuing to keep this an item of conversation. Susan Salcido comments that she also thanks everyone for the continued discussion on this item. Susan also commented about her concern of the movement of programs that are taken back and the analysis that goes with these requests when they come forward. Susan understands that there is a report that gets presented with these requests and an analysis, but she doesn’t think that enough time is taken to examine what this means and how will it impact the districts and there is definitely a spectrum of impact. Susan thinks that in the future it would be helpful when the request comes up that the Board really pauses on it and evaluates the implications. The Board was satisfied; there were no further questions or comments.

B. Learning Recovery and ADR Grants

Ray Avila presented this item to the Board as a reminder that Santa Barbara County is receiving approximately $6 million dollars, one-time funds. Ray proceeded to thank the Special Education Directors and Business Officials who met individually with Ray and Jennifer to develop their plans in a 2-week time frame. Ray formally confirmed to the Board that the SBCSELPA submitted individual Learning Recovery Plans for the monies and then one SELPA wide plan for ADR monies, met the 10/1/2021 CDE submission deadline. Next Ray will work with Rachel Wigle, SBCSELPA CBO, to develop the timeline for disbursement of the funds to the LEAs. The SBCSELPA will continue to give the LEAs guidance and direction and reminding them how the funds can be used, the funds can be used through June 2023. Lastly, Ray reminded everyone that there was a PowerPoint presentation included in the agenda packet regarding these grants for everyone to review at their leisure. The Board was satisfied; there were no questions or comments.

C. SBCSELPA Professional Development

Jennifer Connolly, SBCSELPA Coordinator, highlighted that it is Dyslexia month, and the Dyslexia Training Institute will be offering 3 trainings this month in honor of Dyslexia. Jennifer also shared that they are rebirthing Patterns of Strengths of Weaknesses, Cohort 1, to talk deeper about this topic. The Board was satisfied; there were no questions or comments.

D. LEA/District Costs Associated with Due Process SBCSELPA Year-to-Date Account Balances

The Board was satisfied; there were no questions or comments.

E. SBCSELPA Legal Fees Year-to-Date Reserve

Dispute Resolution in ‘Special Education Facilitation’ A Collaborative Approach

Jennifer Connolly SBCSELPA Coordinator
Agenda

• Cultivating Positive Relationships- a teamwork approach.

• Creating Positive Communication.

• Turning Conflict into Collaboration.

• IEP vs. Facilitated IEP: What is the difference?

• SBCSELPA Alternative to Dispute Resolution Process.
Cultivating Relationships in Teamwork

What words do you see that define ‘Teamwork?’

Consider how these words cultivate strong relationships?

Teamwork

Teamwork sits alongside trust, communication, and tolerance as a building block of the best relationships.

Teamwork is not “What can I get out of this relationship?”, it’s “What can I bring to this relationship to make it better?”

Teamwork is the combined commitment to overcome obstacles. It’s support. It’s encouragement. It’s working together.

It’s rising to the challenge of bettering yourself for the benefit of the whole. It’s providing the support & encouragement necessary to help others better themselves and succeed in their endeavors.

When IEP Teams are at an impasse... consider a Facilitated IEP!

**Facilitated IEPs are:**

- Meetings with a trained impartial person (a Facilitator) who is not a normal member of the IEP team.

- Meetings can also be conferences called by either the parent or the school district.
The Facilitator’s Role

**IS**
- Assists the team in communicating effectively.
- Guides the meeting agenda.
- Signs as an attendee of the meeting.
- Encourages ‘teamwork’ that leads to consensus.
- Watches for misunderstandings and need for clarification.

**IS NOT**
- A decision maker or advisor.
- Not from the same district.
- Does not endorse or sign the IEP.
- Does not testify at a court hearing or due process.
Why encourage a Facilitated Meeting?

- Ensures a safe and respectful environment.
- Provides a positive climate for discussion.
- Targets clarity and mutual understanding.
- Helps repair and build relationships.
- Supports the path to consensus.
- Increases the probability of an agreed upon IEP or Action Plan.
When to encourage a Facilitated Meeting?

- When conflicts have developed.
- When communication needs improvement.
- When wanting to restore trust.
- When wanting to rebuild relationships.
- When wanting to clear up confusion with an IEP.

<td>District sends meeting invitation with agreed upon date and time of the meeting.</td>
<td>Confirm attendance to the meeting from parent(s), IEP Team Members, School/District Leadership.</td>
</tr>
</tbody>
</table>

Questions for Consideration:

- Have all concerns and desires been discussed?
- Has the team come to consensus on the concerns?
- Does the relationship between the team members and the parent(s) appear to be moving in a positive direction?
- Can we create an ‘action plan’ where all members have a role?
Consensus

**YES**
- Consensus - IEP moves forward.
- Consensus - Plan moves forward.
- Relationships grow in right direction.
- Student centered meeting was successful!

**NO**
- Restate agreements/ where disagree.
- Ask for possible solutions.
- Attempt to build smaller consensus.
- Propose another meeting.
- At last resort.. Due Process.
Finishing Touches to the Meeting

**Action Plan and By Whom**

- Team creates the plan with due dates and by whom will do the action.
- All team members have a role in the action plan.
  - Creates forward movement
  - Shows team support to the student
  - Provides school team with direction
  - Shows teamwork!

*Suggestion: Chart Action Plan and By Whom with Due Dates.*
The Finish Line... A New Start!

End on the agreed upon time.

Decide if there is a need for a second meeting.

Thank all team members for the collaboration.

End meeting on a friendly note... starts a new beginning.

Follow up to gain feedback on meeting structure and process.
