Since 1953 and throughout Santa Barbara County, Alpha Resource Center empowers individuals with intellectual and developmental disabilities.

We continue to live out this mission today on behalf of the individuals and families we serve by **supporting families**, **creating opportunities**, and **fostering belonging**.

## FAMILY RESOURCE CENTER

The programs we offer span a broad spectrum, providing support and guidance for children with developmental delays and their family members. Our Family Resource Center team is made up of parents just like you! From navigating the birth of a child with special needs to planning for adulthood, we are able to share firsthand knowledge as well as experience gained through years of helping families who have walked this path before you. Just like us, we know you want to see your child be all they can be!

Whether you have questions or concerns about your child's development or are newly enrolled in Early Start, we're here for you. As you're planning for the next stages of your child's life, learning about special education for the first time, or navigating systems or community resources, the Alpha Family Resource Center is ready to help you find the answers you need.

## ADVOCACY SERVICES

Raising a child with an intellectual or developmental disability presents unique challenges. When systems are confusing or conversations with service providers are difficult, our Office of Advocacy provides the technical assistance, consultation, and advocacy services you need at no cost to you.

Serving all of Santa Barbara County, we partner with you and your child to meet the challenges that may arise at any and every stage of life.

## RESOURCE LIBRARIES

Alpha Resource Center operates resource libraries in both Santa Barbara and Santa Maria, as well as mobile library services throughout Santa Barbara County. The libraries provide access to a variety of unique resources related to parenting and supporting a child with special needs.
