Fall 2023

Professional Development Events

The Santa Barbara County Special Education Local Plan Area (SBCSELPA) is a Joint powers Agency mandated to govern and facilitate special education programs administered by the Local Education Agencies (LEAs)/school districts within Santa Barbara County.

Santa Barbara County Special Education Local Plan Area (SBCSELPA) provides an array of services to the 20 school districts and 4 charter schools throughout Santa Barbara County. These services include the following:

- Oversight and case management for students placed in residential treatment nonpublic schools (NPSs).
- Wraparound social work services.
- Coordination of student mental health IEP related services and NPS placements for LEAs.
- Provides BCBA behavioral consult services to LEAs.
- Provides educational audiologist consult services to LEAs.
- Coordinates with private schools for the support of Child Find and Individual Service Plans (ISPs).
- Allocates funding for special education services.
- Providing training opportunities for LEA staff, parents, and community.
- Allocates and manages low incidence equipment and services funding.
- Develops and governs Local Plan special education policy and procedures for participating LEAs.
- Engages in interagency agreements with agencies such as Tri-Counties Regional Center and California Children's Services (CCS).
- Establishes a Community Advisory Committee (CAC) that advises the governing board and assists in parent and school education.
- Provides Medical Therapy Units (MTUs) for CCS.
- Provides Alternative Dispute Resolution (ADR) to LEAs/ districts and parents/guardians.
- Provides advisement specific to federal and state special education law.
- Provides advisement from State SELPA.
- Maintains the Local Plan, Procedural Handbook, and website www.sbcselpa.org for Santa Barbara County SELPA.

The Law

The Individuals with Disabilities Education Act (IDEA) and California special education laws guarantee all students with disabilities a Free, Appropriate Public Education (FAPE) in the least restrictive environment. The SBCSELPA and its member districts do not discriminate based on race, color, national origin, religion, sex, or disability in educational programs and activities or employment practices, as required by Title 6 of the Civil Rights Act of 1964, Title 9 of the Educational Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973.

Child Find

Special education programs are available to all eligible students with disabilities, ages 0-22 in Santa Barbara County. The Child Find mandate applies to all children who reside within a State, including children who attend private schools and public schools, highly mobile children, migrant children, homeless children, and children who are wards of the state. (20 U.S.C. 1412(a) (3)) This includes all children who are suspected of having a disability, including children who receive passing grades and are "advancing from grade to grade.

All individuals with disabilities residing in the state, including pupils with disabilities enrolled in Elementary and Secondary schools and Private schools, including parochial schools, regardless of the severity of their disabilities, and in need of special education and related services, will be identified, located, and assessed as required in each district. SBC SELPA, in partnership with the local school districts and county office shall establish written policies and procedures for screening, referral assessment, identification, planning, implementation, review, and three-year triennial assessment for all children who reside in the State of California who are suspected of having a disability. Section 1412 of Title 20 of the U. S. Code.

About SBCSELPA Professional Development Offerings

Professional Development Offerings are created from feedback of countywide staff input from a yearly survey, CDE targets in Special Education Plans (SEPs), and direct input from countywide Special Education Director and Local Education Agency (LEA) District Leadership. Each year, the Professional Development offerings are reviewed/revised with District and County Special Education Leadership and staff to ensure all topics emphasize student, district, and the overall Santa Barbara County needs. Presenter (s), dates/times, and locations are subject to change based on staff attendance and venue availability.

How to Schedule a Professional Development Offering

Mini Professional Development Offerings individualized to each district request.

Districts: contact Jennifer Connolly at jconnolly@sbcsepa.org to request the Professional Development topic.

- Propose dates/time, and location of training.
- Requests must be in writing via email, received a month in advance.

The presenter(s) to be contacted by Jennifer Connolly with the Professional Development topic (s) and proposed dates. Presenter (s) will affirm date, location, and time.

Districts will receive confirmation of Professional Development date (s), location, and presenter name (s) and presenter (s) contact information within five business days of the request.

The Professional Development event to be added to the SBCSELPA Online Management System, OMS calendar for tracking purposes.

Attendance: Participants of the 'Mini' LEA requested Professional Development events do not have to register on OMS.

For Nonviolent Crisis Prevention Intervention (NCPI) contact Alison alindsey@sbcsepa.org

District Special Education Director or Leadership team encourages participants to attend events. District Special Education Director or Leadership team to confirm number of attendees with presenter (s) for handouts.

Presenter (s) subject to change due to unforeseen emergencies.

District venues subject to change due to number of participants for Professional Development.

If more than one district requests the same topic on the same day, the event may include more than one district.

Large Professional Development Offerings for North, Mid, South County

1. Access the SBCSELPA OMS system at <https://sbcsepa.k12oms.org/>.
2. If the registrant does not have an account, create an OMS account.

Behavior Series

Understanding Brain States & Behavior

Participants will be introduced to the applied science of brain states and behavior regulation. The goal of this mini-PD is for staff to begin to understand the underpinnings for all human escalation cycles and how “behavior” is not unique to students with behavioral challenges. Staff will be guided through current research on the topic and could participate in activities that help integrate the content that is presented.

Supporting Students with Behavioral Needs in School Settings

This introductory mini-PD offers participants a brief overview of traditional vs brain-based perspectives on student dysregulation and challenges staff to reflect on their own narratives about student problem behavior. Additionally, a variety of proactive evidence-based practices for mitigating challenging behavior will be presented and participants will have an opportunity to apply strategies to case-studies in a small group activity.

How To “Coach” Students

This mini-PD is focused on practical, hands-on, evidence-based strategies for giving students feedback, offering support, and “correcting” pre-escalation behavior. Staff will reflect on how they like to be “coached” and then apply the scientific information shared to case examples they self-generate. The goal is for participants to walk away with a fresh perspective on how “coaching” vs correcting and/or inadvertent shaming of students could broadly help all the students they serve.

Default vs GROW: How our “Lens” Impacts the Way We Support Students

This mini-PD will start with a brief review of brain states and how behavior escalates in all humans, followed by an outline of the differences between “default” vs “GROW” lenses. The objective is for participants to understand what influences our perspectives and responses to student behavior and

how students, especially students with challenging behavior, deserve scientific coaching practices rooted in dignity not punishment procedures.

Data Collection in Special Education

In this training, participants will have the opportunity to learn about the most common types of data systems used in special education programs (e.g., frequency, duration) and how different IEP goals require different types of data collection. Particular attention will also be given to how to accurately collect ABC data and participants will have opportunities to practice this through case examples and group activities.

Understanding the Functions of Behavior

The focus of this training will be helping participants learn that behaviors are information and serve several different functions. Once functions are understood then skills can be developed that allow students to navigate through struggles in a more adaptive manner.

Fundamentals of Behavior

To help educational staff broaden their understanding of “behaviors” in students, this training will introduce them to the science of behavior, including the neuro-biological cycle of behavior that is true for all human beings. Additionally, information related to ACES, trauma, learning challenges, and chronic stress experiences will be presented to help participants examine their own narratives about behaviors in students.

De-Escalation Strategies: Guiding Principles and Next Steps

In this training, participants will have the opportunity to learn guiding principles for de-escalating students during behavioral/emotional responses and the importance of proactive strategies to mitigate escalation cycles.

SELPA 28: SBCSELPA Continuum of Mental Health Services

Late in 2020, an Ad-Hoc Committee was formed to revise the SBCSELPA Continuum of Mental Health. This training is to introduce the new Continuum, discuss its function/limitations, and to provide information on

Fall 2023

two added services to the Continuum: Social Work Services and Parent Counseling.

Consulting In Classroom Settings

The focus of this training will be on sharing strategies that facilitate collaborative and productive consulting in classroom settings. Specific steps and strategies educational specialists (e.g., BCBAs, MFTs, SLPs) can use to build rapport with team

members and establish mutually beneficial communication. In addition, strategies team members (e.g., teachers, paraprofessionals) can also use when collaborating with consultants will also be shared.

How To Provide Students with Corrective Feedback & Coaching

This training will focus on how team members (e.g., teachers, paraprofessionals, administrators) can give students feedback, both positive and corrective, in a constructive manner that optimizes communication.

SELPA 28A: SBCSELPA Wrap Supports Referral- recorded available on SBCSELPA YouTube Channel

The new Santa Barbara County SELPA Wrap Referral is here—and it's fillable! This short training will explain what Wrap supports are, how the referral process works, and how to document on an IEP. This training will be recorded and available for viewing at your convenience.

Brain-Based Behavioral Perspectives and Support Strategies

Drawing from foundations of interpersonal neurobiology, applied developmental attachment, and specific communication skills; participants will gain a functional understanding of how educators can best support students who present with relational and behavioral challenges. Staff will then be able to calibrate their approach to meet the needs of the student as they exist in the moment, supporting emotional resilience and academic success.

Relational Scaffolding

Drawing from foundations of interpersonal neurobiology, applied developmental attachment, and specific communication skills; participants will gain a functional understanding of how educators can best utilize relationships with their students to support social-emotional development, academic access, and a culture of emotional inclusion.

Self-Care for the Educator

Self-Care for Educators provides a time to reflect on your own mental health so that you can more effectively support students. In the course of our work, we are confronted with the challenging aspects of life. As Educators, we are asked to “do more with less,” and work within uncertain funding and restrictive policy contexts. The circumstances the youth of today bring to school often impacts not only our teaching but takes a toll on the school. Practicing self-care is an important activity that will help you cognitively, physically, and emotionally “bounce back” each day over the long term.

Parent Support

Mental Health for Families: Supporting the Mental Health of Families and Caregivers during Distance Learning

A presentation of self-care practices during times of acute and chronic stress for parents/guardians/caregivers. In addition, a resource for parents/guardians/caregivers to help support the children in their home during this time of distance learning.

SIRAS

Re: **Response to Education Code 56366.1 (a) amended to AB 1172**
Nonpublic Schools and Agencies (NPS/A) verification of mandatory behavior training.

- NPS/A requirements for annual renewal of certification, including the following as specified in Education Code 56366.1:
 - 1. Documentation of NPS/A staff training in the use of evidence-based practices and interventions specific to the unique behavioral needs of the NPS/A pupil population.
 - 2. Trainings shall be provided annually within 30 days of employment to new staff and all staff implementing behavior related services in the NPS/A.
- In response to the requirements for annual renewal of certification, SBCSELPA will provide behavior trainings encompassing evidence-based practices and interventions to NPS/As. LEA staff are also invited to attend trainings.
- Registration for behavior trainings is found on SBCSELPA's Online Registration Site by month at the following link <https://sbcselpa.k12oms.org/> and also on the <https://www.sbcselpa.org/> under Professional Development.
- Each training satisfies the following conditions:
 - 1. Conducted by licensed or certified persons in fields related to evidence-based practices and interventions.
 - 2. Taught in manner consistent with the development and implementation of individualized education programs.
 - 3. Trainings are not recorded.
- SBCSELPA offers the following trainings that fulfill the new requirements of AB1172 for an NPS/A.
 - 1. **July 6, 10:00-11:00:** Consulting in Schools (Virtual/ Free)
 - 2. **July 26, 10:00-11:00:** A New Lens on Behavior (Virtual/Free)
 - 3. **August 24, 9:00-10:00:** Supporting Students in Schools (Virtual/Free)
 - 4. **August 28, 3:00-4:00:** Providing Students with Feedback (Virtual/Free)

“Keeping the Day Sane: Mental Health 101 for Paraeducators”

Monday, October 9, 2023 8:30-10:30 Zoom Recorded Watch Party	Tuesday, March 5, 2024 2:00-4:00 Zoom Recorded Watch Party
--	--

Audience: Paraeducators, All Special Education Staff, ERMHS staff or school counselors specifically designated to working with special needs students, behaviorists, and other IEP team members who support these students are strongly advised to attend.

Content:

Many adults inadvertently handle behavioral scenarios with tactics that escalate student emotions rather than improve them, resulting in a decrease in student readiness for participation and learning. This training will equip your staff with basic knowledge and easy-to-learn strategies that can help them be more successful and keep students safe and ready to learn. Let's get everyone on the same page!

Outcomes: Participants will:

1. Learn the basics of most frequently encountered mental health profiles.
2. Learn how to side-step emotional triggers.
3. Learn basic learning supports and strategies to help develop student readiness and active participation.
4. Learn how to collect proper data to support teachers, behaviorists, counselors, and school psychologists.
5. Learn proactive strategies for reducing emotional responses from students.

Presenter: Tim Halphide, M.A., L.M.F.T., School Psychologist and Licensed Marriage and Family Therapist has an M.A. in Clinical Psychology and he is both a school psychologist and Licensed Marriage and Family Therapist at the Diagnostic Center, Southern California. Tim brings together his 22 years of experience working within diverse settings including private practice psychotherapy, community mental health clinics, psychiatric hospitals, social work and foster family agencies, as well as working directly with students, teachers, and parents in California's public schools. Tim brings into focus the best applied clinical psychology practices for school mental health via a combination of family systems therapies, cognitive behavioral methodologies, psychodynamically-informed classroom practices, and behavioral psychology. Tim approaches both assessment and school consultation as a collaborative process, with an open, non-judgmental style. He has worked with scores of school districts in southern California to train educators in mental health guidelines and in developing actionable treatment plans for elementary through high school populations.

Wednesday, November 1, 2023 3:30-5:00 p.m. Zoom, Recorded Watch Party	Thursday, February 1, 2024 2:30-4:00 p.m. Zoom, Recorded Watch Party
---	--

Audience: Educators working with students with reading difficulties. FREE!

Content: According to the International Dyslexia Association, one-half of all students who qualify for special education services are classified as having a learning disability. Approximately 85% of those students have a primary disability in reading and language processing. The National Institute of Health identified Dyslexia as the most common and prevalent of all known learning disabilities, affecting one in five children in the United States. Characteristics of dyslexia, assessments, interventions, and accommodations will be addressed to offer the practitioner tools and strategies to support struggling readers. This training will focus on best practices in working with students who have been identified with reading difficulties or are suspected of having dyslexia.

Participants will:

1. Review and discuss the components of reading.
2. Learn about the characteristics of dyslexia.
3. Become familiar with strategies, appropriate interventions, and accommodations for students with reading difficulties.
4. Learn about evidence-based practices and why they are effective for struggling readers.

Presenter: Andrea Abrishami is an education specialist at the Diagnostic Center, Southern California. She holds an M.A. in Special Education from California State University, Los Angeles. Since 2005 Andrea has served students of all ages with mild to moderate disabilities in a variety of settings. She comes with extensive experience in developing and implementing programs that address the social emotional and academic needs of all learners. Areas of expertise include educational programming and instructional techniques for students with mild-moderate disabilities, positive behavior supports and supporting struggling readers across academic settings.

“Teaching Students with Moderate to Severe Intellectual Disabilities”

Monday, December 4, 2023 2:30-4:30 Zoom, Recorded Watch Party	Tuesday, December 5, 2023 2:30-4:30 Zoom, Recorded Watch Party
---	--

Audience: Teachers, Instructional Assistants, and related service providers who work with students with moderate to severe intellectual disabilities. FREE Event!

Content: This training will focus on increasing active engagement for students with moderate to severe intellectual disabilities, by providing differentiated instruction, developmentally appropriate instructional and behavioral supports, and using effective, evidence-based teaching strategies.

Participants will:

1. Review, practice identifying, and link appropriate behavioral and instructional strategies to developmental levels and symbolic vs. pre-symbolic communicators.
2. Develop curricular and instructional plans for their current caseload that emphasize differentiated instruction to increase active engagement in all students.
3. Learn about best practices for promoting generalization of skills.

Presenters: Jill Martinez, M.A., is an education specialist at the Diagnostic Center, Southern California. She earned her M.A. in Special Education from California State University, Los Angeles. Jill has been in the field of education for over 10 years and has worked as a paraeducator, special day class teacher, inclusion specialist, and program specialist. She has extensive experience in the areas of assessment, program and curriculum development, and positive behavior supports for students with moderate to severe disabilities across all grade levels including adult transition programs. Areas of particular interest include assessment and instruction of students who exhibit challenging behaviors and transdisciplinary assessment of students with multiple disabilities.

Margot Johnson, M.A., is an education specialist and assistant director at the Diagnostic Center, Southern California. Margot is a Board-Certified Behavior Analyst (BCBA) and earned her M.A. in Special Education from Chapman University. She has extensive experience working with students of all ages who have moderate-to-severe disabilities in the public-school setting. Areas of expertise include curriculum, differentiated instruction, and instructional techniques for students with moderate-to-severe disabilities, programming for transition-age students, and positive behavioral interventions for students who exhibit significant behavioral challenges.

“Multisensory Math! Advanced Math Skills”

Thursday, December 7, 2023 2:30-4:00 p.m. Zoom, Recorded Watch Party	Thursday, April 25, 2024 2:30-4:00 p.m. Zoom, Recorded Watch Party
--	--

Audience: General education teachers, special education teachers, administrators, and paraeducators. FREE Event!

Content: During this webinar, participants will review the Piaget’s developmental stages regarding mathematics and the importance of a multisensory approach. Participants will learn the components of multisensory instruction and how to apply them to advanced math instruction.

This webinar will review multisensory instruction in the following areas:

- Place Value Review
- Multi-digit Multiplication and Division
- Fractions (addition, subtraction, multiplication, division)
- Integers (addition, subtraction, multiplication, division)
- Simplify Expressions
- Equations

Participants will walk away with knowledge on who will benefit from multisensory instruction and step-by-step instructions on how to implement multisensory instructional strategies when teaching mathematics.

Materials: Participants are encouraged to print and cut the base ten blocks, double sided circles, double sided squares, and algebra tiles (provided in the handout packet), in color, to participate and practice in the training.

Participants will:

1. Become familiar with Piaget Stages of Development and how the stages support math development
2. Review multisensory instruction and how it supports students.
3. Learn how to use multisensory math instruction to build students understanding of basic math facts.

Presenter: Heather Barakat is an education specialist at the Diagnostic Center, Southern California. She holds an Ed.D. in Education with a concentration in Special Education from Northcentral University and a M.A. in Special Education from Point Loma Nazarene University. She also holds three credentials: Special Education (Mild/Moderate), Multiple Subjects, and Reading. Heather has been in the field of education for over 10 years and has extensive experience working with students of all ages with mild-to-moderate disabilities in a variety of settings (e.g., public school, charter school, and non-public schools). Areas of expertise include assessment, autism, program and curriculum development and differentiating instruction for all learners. Heather has been a member of National Association of Special Education Teachers (NASSET) for several years.
